

The inhabitants of the Mensura sub zone stated that the service rendering institutions in the area are playing an important role in improving the people's living standards.

Mensura, 17 May 2010- The inhabitants of the Mensura sub zone stated that the service rendering institutions in the area are playing an important role in improving the people's living standards.

The inhabitants pointed out that the health centers and schools built in remote areas of the sub zone have within a short period of time induced the development of big villages and semi urban areas.

There are 18 kindergarten to junior level schools and 6 health centers in the Mensura sub zone.
